IN THE ZONE.

Across the globe, the role of the bathroom continues to be elevated within the home. While cultural differences exist from country to country, there is common recognition of the increasing importance of the bathroom to our daily lives. The bathroom is now considered an uninhibited wellness zone. And through clever design, Roca creates bathroom products that nurture health, improve comfort and enhance quality of life.

WE CARE.

Roca has a longstanding commitment to the environment and sustainability. For decades Roca has been developing products that reduce water and energy usage without sacrificing comfort. Roca believes that sustainability is at the very heart of good design – that's why Roca was one of the first companies in Europe to introduce dual flush toilets and flow control on tapware. And that's why Roca created a foundation that encourages better water usage – The We Are Water Foundation.

ROCA LOVES THE PLANET

DESIGN AND INNOVATION.

Leo Himmel – Khroma

Schmidt & Lackner – Dama Senso

Antonio Bullo – The Gap

Roca partners with some of the world's most prestigious architects and designers to develop products and ranges that allow consumers to create bathrooms that reflect their individual needs and expression.

These creative collaborations have earned Roca many international awards for design and usability and are an important part of Roca's commitment to innovative bathroom design.

Recognising the importance of innovation, Roca established the Roca Design Centre – a unique facility that focuses on research into design trends based on living styles of different people around the world. Within the Design Centre is the 'Roca Innovation Lab' where designers are free to explore new ideas, materials and looks.

Roca's commitment to design has been recognised on numerous occasions. Most notably as a recipient of the 2009 Red Dot Design Award, the 2009 Design Plus Award and the 2010 Wallpaper Design Award – some of the world's most distinguished design awards.

NEW SPACES. NEW EMOTIONS.

Roca, the world leader in bathrooms, creates complete solutions for a new type of bathroom space – one at the centre of your home and your life. A space for cleansing, relaxation, beauty, health and renewal. Roca creates products that are more than just functional objects. Each piece conveys a character and emotion to reflect your own. Roca bathroom products integrate beautifully with each other, enhancing the way you live each day – from the first moment to the last.

KHROMA

Designed by Leo Himmel, the innovative character of the Khroma collection embraces the two essential concepts of colour and texture. Khroma is a daring expression of both. Passion Red and Ice White bring excitement and energy to the bathroom space.

Leo Himmel – Designer

Initially forging an illustrious career as an automotive designer, Leo Himmel has applied his love of beautiful lines to the bathroom with the creation of the vibrant Khroma range.
