## The difference between

BA13a Mid Range System

and

BA13b Luxury Range System

### The BA13b has 3 additional features:

**Wide spray function** - This button changes the width of the spray pattern from a narrow to medium or wide spray, similar to your garden hose.

**Deodoriser** - Sucks foul air from the toilet bowl through a carbon filter reducing odours - carbon filter lasts up to 7 years.

**Silver ionisation** - This Bidet generates its own colloidal silver that disinfects the Bidet everytime you use it.

This Bidet has passed electrical and plumbing certification required by Australian and New Zealand standards.
