# pearl range

With their soft, bell shaped curves, the Pearl range is all about stunningly individual design. The option of thin lever mixers or more traditional cross style handles, gives you the flexibility to achieve the look you desire. Pearl tapware is part of Dorf's integrated bathroom range that all share similar lines and styling for a perfectly integrated result.

All three piece tapware available in cross handle or lever handle.

Lever mixers can be installed with the handle on either side; this will affect whether the watermark or logo is shown at the front.
